## The Company

i-Fox - Formerly Known as Indo Danish is an established organization formed by a group of wind energy experts with core competence in various domains of wind energy sector. Started way back in 2007, the company is located at Udumalpet –the main wind hub of the South Indian state of Tamil Nadu.

Our team of professionals drawn from various disciplines of wind energy sector carry with them the unmatched valuable experience of having worked with the global leaders like Vestas, Suzlon , NEG-Micon & Enercon for more than 10 years. Within a short span of time we have captured a O&M market share of 10% in India – in NEG Micon 750 kw category.

## Sectors

Apart from our dominant presence in the wind energy sector , we do have established a strong portfolio in SOLAR ENERGY projects.

## Vision

i-Fox to become most respected global renewable energy service provider with strong finance and technology leadership, to be among top five companies through quality, services and commitment to achieve highest satisfaction beyond the customers expectation

## Mission

i-Fox's mission is to be the most successful renewable energy service provider delivering finest quality services in the world. In doing so, we will exceed customer's expectations of Reliable Technology, Highly Competitive Price, Efficient work force, corporate citizenship, financial stability, high accountability, integrity and best in class service & support.

## Strategy

The major problem faced by the Indian Wind & SOLAR projects is the wide gap between the expected & actual generation, Burgeoning O&M costs, Increased Vulnerability to Grid fluctuations, which all do not augur well for the growth of this Industry.

We at i-Fox concentrate on Quality service, scientific approach in solving the problems, thorough Root Cause analysis to avoid the failure in future, system standardization & ultimately reduce the total Project / O& M cost thereby increasing the ROI for the Investors - which all would definitely augment the total Industry to reach NEW growth levels.

### Wind

- ▶ Civil foundation construction
- ▶ External Electrical Lines & Yards construction for power evacuation
- ▶ Erection & Commissioning
- ▶ Operation, Planned & Breakdown Maintenance
- ▶ Power curve & Generation Analysis
- ▶ Residual life assessment & Extension
- ▶ Project Consultancy
- ▶ Technical Auditing
- ▶ Lead Engineer Services
- ▶ Inspection & Repowering

# Domain Expertise

## Solar

- ▶ Conceptualization
- ▶ Feasibility Study
- ▶ Technology Selection
- ▶ Financial Modeling
- ▶ Regulatory Services
- ▶ Project Engineering & Design
- ▶ Erection & Commissioning
- ▶ Operation & Maintenance
- ▶ REC Trading & Settlement
- ▶ Consultancy Services

## Achievements & Credits

i-Fox within a short span of time has achieved many laurels and we list a few of them here.

- ❖ First Service provider in the Indian Subcontinent who has secured AOMC contract of 750 KW NEG Micon make WEGs other than OEM.
- ❖ First and only service provider in India who has replaced the Generator, Gear box & Single blade in 750 KW NEG Micon make WEGs without crane.
- ❖ One among the service provider in India who has replaced the blade bearing in 850 KW Gamesa make WEGs without crane.
- ❖ We have a rare distinction of the first & only company who has erected the Chinese wind Turbines (SINOVEL 1500 KW) for the first time in Indian soil @ Chikodi, Karnataka
- ❖ We are the one among the service provider having experience in maintenance of Wind turbine outside India

- ❖ We are the only service provider in India who has taken up the maintenance of various capacity / make / type of more than 200 turbines viz.

Vestas RRB 225 KW / 500 KW / 600 KW

NEG Micon 750 KW

Pioneer Wincon 250 KW

CWEL 250 KW

TACKE 600 KW

NEPC 225 / 250 KW

- ❖ We are the one among the service provider to provide Technical Manpower support to M/s. Suzlon & M/s. Enercon for their wind turbines of 350kw to 1500kw .
- ❖ We are the only service provider having rich Wind turbine erection experience of Vestas RRB 500,600 Kw / NEPC 225 Kw / Gamesa 850 Kw / Suzlon 600 , 1250, 1500 Kw / Win WinD 1 Mw / Regen Power Tech 1.5Mw / Leit wind 1.5Mw
- ❖ We are the only service provider in India having rich Repair Rectification / Maintenance / Inspection / Technical Audit Experience of Wind turbines of Vestas RRB 225, 500,600 Kw / NEPC 225, 250 Kw / Gamesa 850 Kw / Suzlon 350, 600 , 1250, 1500 KW / NEG Micon 750Kw / Enercon 600, 800Kw / Wind World 250kw / TACKE 600 KW / Wind Master 330 Kw / Enron 750 Kw / Pioneer Wincon 250kw / CWEL 250 KW

# Our Customers & Associates

Invariably all our customers have endorsed our services by their repeated orders and have constantly retained their faith in our services.

The following is the list of our valuable customers and without their support we won't be what we are today.

# CERTIFICATE

Redmark, certifies that the management system of the organization has been assessed and found to be in accordance with the requirements of the related standard

ISO 9001:2008

**i-Fox Renewables & Infra Private Limited**

New No.20, Nehru Street, Exterior, Udumalpet-642128,  
Tirupur District, Tamilnadu, India.

Scope

"OPERATION AND MAINTENANCE OF WIND MILLS, SERVICES SUCH AS PERFORMANCE ANALYSIS OF WIND TURBINE GENERATORS, TECHNICAL ASIST OF WIND MILLS, ERECTION AND COMMISSIONING OF WIND TURBINE GENERATORS"

Certification No. 102141 (PC009)  
Initial Certification Date 07.08.2013  
Issue Date 07.08.2013  
Expiration Date 06.08.2016
